### CAREER OBJECTIVES

**Financial Analyst:** Wish to work for a multinational or any other distinguished financial institution, which can offer a great variety of tasks and provide challenging opportunities in the fields of international finance, capital budgeting, investment appraisal, or dealing of financial instruments. As a straight forward kind a person, who is not afraid of any kind of workload in order to get the job done, would like to use analytical and interpersonal skills and creative thinking in work related. Plan to learn everything in the field of finance and to move up to higher positions in order to gain new experiences.

### EDUCATION

**HELSINKI SCHOOL OF ECONOMICS AND BUSINESS ADMINISTRATION, BBA-PROGRAM** Mikkeli, Finland. Bachelor of business administration Spring 1997 ,International Business, Major GPA: 3.96, Overall GPA: 3.96, The BBA-program of the Helsinki school of economics is a very intensive business college, where all the fields of business from HRM to Macroeconomics are covered in three week periods. The school was recently ranked second best among all the same kind of institutions in Europe by Herald Tribune. The courses are taught by professors coming from various business universities from all over the world, including Northwestern and Indiana university. The emphasis in the school is on case studies and teamwork performances. Before graduation every student must spend a mandatory study period abroad.

### ACTIVITIES AND HONORS

- ! Member of the Finnish Paratroops Society, which provides activities all year long, including mountain climbing, hiking, etc. Participate in the co-ordination of these activities.
- ! Honored most skillful soldier during parachute training season in 1993, during my military service. The parachute training season is a four week period of sweating, running and parachuting which is very similar to the "Hell Week" of the Navy Seals.
- ! Honored Most Valuable Player of the Kempele Kin basketball team in 1993.
- ! Elected class president of the class 1B in Kempele high school in 1990.
- ! Honored third best in gymnastics in Kempele high school in 1988 and second in 1989. Honored third best in track and field in 1989. Kempele high school is a medium sized school in northern Finland with about 500 students.
- ! Honored best student of our class in Kempele high school in 1988. Every year one student of every class gets a scholarship, there are 18 classes in the school.

### EXPERIENCE

**LK-PRODUCTS** Kempele,

**Filter tuner:**

April - September 19XX

LK- Products is a subsidiary of the distinguished Nokia corporation. LK-Products manufactures specialized electric filters for cellular phones, and employs about 1000 workers. My main responsibility was to tune the right frequency for the filter and to inspect for any severe defects on the filter coming from the production line. Generally held as a hard working and very accurate worker, according to line managers of various lines.

**Filter assembler:**

Every June-July during 19XX-19XX

My duty was to put all the pieces coming from the production line together following the instructions given from the line manager.

**KEMPELE WORKERS ASSOCIATION** Kempele,

**Disk jockey:**

September- April during 19XX-19XX

It was my responsibility to choose the music which kept the audience on the dance floor, and to assist the security guards when they needed it.

### SKILLS

! Co-ordination of various tasks simultaneously, which are related to the activities managed in the Finnish Paratroops Society and during my officer times in the army and also relating to my time as class president.

! Know the basics how to deal with different financial instruments. Had my own money, involved and still have, which made me learn as much as possible.

! Speak fluently German, English, Finnish and Swedish.

### MILITARY

**SPECIAL FORCE, AIRBORNE RANGER, PARATROOPS.**

**Trainee of all military branches.**

5/1/19XX-3/24/19XX, Utti, Lieutenant

Every year about 100 men are selected from a total of about 700 applicants to join the Finnish airborne rangers. Selections are based on a psychological and a physical test. After getting selected, my responsibility was to maintain the units reputation. My responsibility was also to maintain the safety of 30 men during practice, to achieve the objective of the practice, to manage supply, to avoid conflicts among soldiers, and to take care of administrative duties.
